SIGN UP!

Step 4:

After a brief loading screen, you will be asked by Facebook to enter your Facebook login details.

The image shows a screenshot of the Facebook login interface. At the top, it says "Log in to Facebook". Below this, there are two input fields: "Email or Phone:" and "Password:". The "Email or Phone:" field has a cursor in it. Below the "Password:" field, there is a checkbox labeled "Keep me logged in". Below the checkbox, there is a blue button labeled "Log In" followed by the text "or Sign up for Facebook". At the bottom, there is a link that says "Forgotten password?".

Once you hit the “Log in”, you maybe asked to confirm acceptance that you wish to log in to my website using your Facebook credentials...

Just click the positive buttons (ie: Yes, OK etc)

The screen will then have a loading screen appear, then you will be taken back to my website, logged in and registered successfully.

Logging back in:
Step 1:

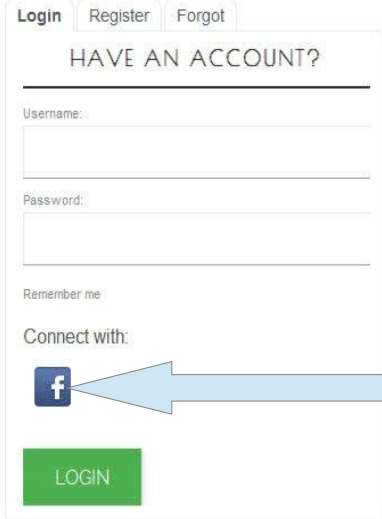

Make sure you are on the "Login" tab

Step 2:

Just click the "Facebook" icon

Step 3:

The loading process has started, and you will see a loading screen appear. After the screen has refreshed, you will be logged into my site.

*** PLEASE NOTE ***

If you have recently erased your internet history, Facebook may ask for your login credentials again. As before (like in the registration process) enter your details and follow the prompts.

It's that simple
:)
